## **USER'S GUIDE**

To Polishing & Finishing Accessories  
For Metal, Plastic, Glass & Wood  
To fit major brands of power tools

**POLISHING KITS NOW AVAILABLE ON EBAY.  
NEW :CHECK OUR EBAY SHOP — POLISH—IT  
GREAT KITS AT KNOCKDOWN PRICES.**

### **METAL REMOVAL**

For aggressive but controlled stock removal on all metals. Carbide Burrs – nos. 30 – 33, Vitrified Points – nos. 24 – 27. For smoothing out welds and shaping on all metals and hard wood. For detailed metal or glass engraving use Diamond Points no. 36, 69 & 70.

### **LIGHT METAL REMOVAL & SURFACE PREPARATION**

Use where you need more control and where surface finish is more important than speed. Spirabands – nos. 54 – 55, Jiffycaps nos. 52 – 53, with two grades giving stock removal and surface finishing on all materials.

### **SURFACE PREPARATION & CONDITIONING**

Use where you want to clean, de-rust and de-scale leaving a bright scratch pattern. Easy to use leaving a good finish. Abrasive Nylon Mops nos. 13 – 17, 19 and in mixed packs nos. 28 – 29, 43, 47 & 50. For de-nibbing on wood and satene finishing on metals. The coarser grades will remove rust, tarnish and oxidization from door handles, pots, pans and all metals. Medium and fine grades will give a brighter and lighter finish. Use dry as no compound is required.

### **POLISHING & FINISHING**

Use when polishing to a bright line-free, “mirror” finish. ALWAYS SPIN MOPS AND BUFFS AGAINST THE BARS TO LOAD THEM AND THEN POLISH SURFACE. Felts nos. 1 – 8, 18, 20 – 23 and mixed packs of nos. 28 - 29, 43, 47 – 48 & 71. Polishing compounds nos. 44 – 46. For ferrous materials, i.e. any type of steel, no.44 (Kit 1). Use grey bar for cutting out lines using harder felts and cotton mops, e.g. nos. 2, 4, 6, 8, 20 – 23, 28 – 29, 41 – 42 & 47. Having cut the lines out, final polish with pink bars with a selection of 30 and 40mm diameter mops, felts and very small wheels. For non-ferrous materials, i.e. brass, bronze, copper, aluminium, etc, no.45 (Kit 2). Use the brown bar to cut out scratches with the harder mops and felts. Final polish with the blue bar and softer mops or felts.

### **PLASTIC POLISHING**

For plastic polishing use compound no. 57 (Kit 3). Use the brown bar to cut marks out with a harder mop. Do not dwell and do not spin the felt or mop too fast as the material will melt. For final polish use the buff compound with a softer felt or mop.

1. 5 Mounted Felt Wheels 30 dia x 3 x 3mm shaft. Use with polishing bars or pastes. Very good at bringing up a high lustre on all metals.
2. 5 Mounted Felt Wheels 30 dia x 3 x 3mm shaft. Hard. Harder felt is better for cutting lines out. Use with coarser bars or paste.
3. 5 Mounted Felt Wheels 30 dia x 5 x 3mm shaft. Thicker felt means a wider area can be polished, but narrower slots cannot be penetrated.
4. 5 Mounted Felt Wheels 30 dia x 5 x 3mm shaft. Hard. Hard felt is better for cutting lines out. Use with coarser bars or paste.
5. 5 Mounted Felt Wheels 30 dia x 10 x 3mm shaft. Thicker felt means a wider area can be polished giving a more even finish.
6. 5 Mounted Felt Wheels 30 dia x 10 x 3mm shaft. Hard. Harder felt is better for cutting lines out. Use with coarser bars or paste.
7. 5 Mounted Felt Wheels 30 dia x 3-lap x 3mm shaft. Always use a hard felt if possible, but where the angle to polish is intricate this product is ideal.
8. 5 Mounted Felt Wheels 30 dia x 3 x 3mm shaft. Knife-Edge. To polish into corners and into right angles can be difficult without this knife-edge product.
9. 5 Mounted Cotton Mops 30 dia x 24-lap x 3mm shaft. Soft Calico. For use with bar compound on intricate areas and uneven surfaces.
10. 5 Mounted Cotton Mops 30 dia x 16-lap x 3mm shaft. Hard Calico. For use with bar of cutting compound on intricate areas and uneven surfaces.
11. 5 Mounted Cotton Mops 30 dia x 24-lap x 3mm shaft. Medium Calico. For use with medium cut and colour bars on uneven surfaces.
12. 5 Mounted Chamois Mops 30 dia x 8-lap x 3mm shaft. For excellent finishes on softer materials where no marks are required. Use with finishing bars only.
13. 5 Mounted Lap Disc Mops 30 dia x 3-lap x 3mm shaft. HDMA. For satene finishing, excellent for aluminium or steels. Leaves a bright but heavy lined finish.
14. 5 Mounted Lap Disc Mops 30 dia x 3-lap x 3mm shaft. CA. Finer than above, leaving a brighter finish with less severe lines.
15. 5 Mounted Lap Disc Mops 30 dia x 3-lap x 3mm shaft. MA. Finer than above. For use on softer materials.
16. 5 Mounted Lap Disc Mops 30 dia x 3-lap x 3mm shaft. FA. The finest, leaving a very fine scratch pattern with a very bright look.
17. 5 Mounted Lap Disc Mops 30 dia x 3-lap x 3mm shaft. General Purpose Green. A good general purpose mop that has good cut but is not as even as the others in its scratch pattern.
18. 5 Mounted Felt Wheels 30 dia x 3mm shaft. Mixed pack of polishing felts – Knife-Edge, 3-lap, 3mm, 5mm & 10mm.
19. 5 Mounted Lap Disc Mops 30 dia x 3-lap x 3mm shaft. Mixed pack of abrasive nylon mops – HDMA, CA, MA, FA & GP Green.
20. 5 Mounted Felt Bobs x 3mm shaft – 5mm, 6mm & 8mm dia. Mixed pack of felt bobs for polishing into those small, difficult areas. Use with polishing compound.
21. 5 Mounted Felt Bobs x 6mm shaft – 12mm, 16mm, 19mm & 25mm dia. Mixed pack of felt bobs for polishing into corners and holes. Use with polishing compounds.
22. 5 Mounted Felt Cones x 3mm shaft. Mixed pack of felt cones for polishing difficult areas. Use with polishing compounds.
23. 5 Mounted Felt Cones x 6mm shaft. Mixed pack of felt cones for polishing difficult areas. Use with polishing compound.
24. 5 Mounted Vitrified Points x 3mm shaft. Parallel. Mixed pack for cutting and shaping. Can be dressed against harder stones. For rapid stock removal.
25. 5 Mounted Vitrified Points x 3mm shaft. Shaped. Mixed pack of 'B' shaped points for cutting and shaping on all metals.
26. 5 Mounted Vitrified Points x 6mm shaft. Parallel. Mixed pack of points for heavier stock removal on all metals.
27. 5 Mounted Vitrified Points x 6mm shaft. Shaped. Mixed pack of shaped points for heavier stock removal on all metals.
28. 10 Mounted Mops & Wheels 40 dia x 3mm shaft. Kit 1. Mixed pack of mops and wheels as described for 30 dia.
29. 16 Mounted Mops & Wheels 40 dia x 3mm shaft. Kit 2. Use for all satene and polishing applications.
30. 2 Carbide Burrs x 3mm shaft. Double Cut. A0314 & A0106. For fast metal removal on all metals, even tool steels.
31. 2 Carbide Burrs x 3mm shaft. Double Cut. C0314 & L0312. Special shaped burrs for use on all metals for fast metal removal.
32. 1 Carbide Burr x 3mm shaft. Double Cut. A0612 x 6mm Head. Larger headed burr for rapid stock removal. Run fast for a better finish.
33. 1 Carbide Burr x 3mm shaft. Double Cut. F0612 x 6mm Head. Larger headed burr for rapid stock removal. Run fast for a better finish.
34. & 35. 4 MX Points x 3mm shaft per pack. Parallel. GFX & MCFlex. Will take out a weld and leave a semi-polish. GFX is more flexible than the harder MCFlex. See also No.67.
36. 4 Diamond Points x 3/32" shaft. For working on all hard materials including glass and tool steels.
37. 2 Diamond Cut-Off Wheels 7/8" dia. Use with mandrel 503 x 3/32" shaft. Long lasting and strong. For cutting all materials.
38. Extended Mandrel 137mm OL x 6mm shaft. Taper spindle to reach into difficult areas. Use with mops and unmounted felts.
39. 1 Taper Mandrel 75mm OL x 6mm shaft. Standard 6mm mandrel with taper spindle. Use with mops and unmounted felts.

40. 1 Mandrel 503 x 3/32" shaft. Use with small discs and wheels.
41. 3 Dollie Mops 2" dia. Mixed pack of Hard, Medium & Soft. Small stitched mops for use on tapers to get into small bores etc. Use with compound.
42. 3 Dollie Mops 3" dia. Mixed pack of Hard, Medium & Soft. Larger diameter – as above. Different hardnesses from heavy cut to high colour.
43. 3 Dollie Mops 3" dia. Mixed pack of Felt & Abrasive Nylon. Small felts and abrasive nylon gives a fine satene to a high polish. Felts need polishing compound.
44. 2 Bars Compound for all ferrous materials. 1 Black bar to cut out marks. Use with sisals and hard felts. 1 Pink bar to final polish with softer mops and felts to bring up a mirror finish.
45. 2 Bars Compound for all non-ferrous materials. 1 Brown bar to cut out marks with hard sisals and hard felts. 1 Blue bar to final finish to a mirror finish with softer mops and felts.
46. 1 tube Simichrome 125gm. Paste polish for chrome finishing and all general polishing. Excellent finish with soft or hard felts
47. 10 Very Small Wheels 7/8" dia. x 3/32" shaft. Mixed pack of small brushes – abrasive nylon, bristle, brass, cotton, felts & stainless steel. Use dry or with compound.
48. 5 Very Small Wheels 7/8" dia. x 3/32" shaft. Mixed pack of calico, cotton, felt – Knife-Edge, Solid & 3-lap. For polishing. Use with nos. 44 – 46 or with diamond pastes.
49. 5 Very Small Wheels 7/8" dia. x 3/32" shaft. Mixed pack of brass & stainless steel. Use dry for deburring or with compound for higher lustre with nos. 44 – 46 for a higher lustre.
50. 5 Very Small Wheels 7/8" dia x 3/32" shaft. Mixed pack of abrasive nylon & chamois. Use dry or with compound for deburring and polishing.
51. 1 Keyless Chuck for Dremel, Black & Decker or drills. Convert to use any diameter shaft or drill.
52. 10 Abrasive Jiffycaps 7mm dia. Mixed pack of 80 & 150 grit. For deburring & deflashing on wood and metal. Use with no. 53. The 80 grit will remove lines and the 150 grit will leave a good finish in those difficult areas.
53. 1 Jiffycap Mandrel. Use with no.52.
54. 10 Spirabands 22 x 20mm. Mixed pack of 80 & 150 grit. Controlled metal removal.
55. 1 Spiraband Mandrel for no. 54.
56. 2 Mounted Flap Wheels 25 x 10 x 3mm shaft. Mixed pack of 80 & 150 grit. For deburring on wood and metal surfaces leading to surface improvements.
57. 2 Bars Compound for plastic. 1 Brown bar to cut out lines and marks on plastic. Use with stitched or hard loosefold mops. 1 Buff bar to polish on plastic with soft mops or felts. Do not dwell.
58. 2 Bars Jewellery Rouge. Use on exotic metals – gold, silver, copper & brass – with soft loosefold mops or felts.
59. 3 Mops 4" dia. Mixed pack of Dry Sisal, Medium & Coloured mops. Use orange sisal with cut polish for heavy cut. Then the coloured and loosefold mops with polishing compound.
60. 1 Light Flexible Drive. To be attached to electric drill, etc. Max RPM 3,000. Chuck from 0 – 1/4". Can be fitted to any slow drill or machine that can hold the 6mm drive. This is a light-duty inexpensive flex.
61. 1 Heavy Duty Flexible Drive. To be attached to any electric drill, etc. Max RPM 12,000. Chuck from 0 – 1/4". Can be fitted to any hand or fixed drill, etc. A heavy duty flex that can take a lot of hammering.
62. 1 Flexible Shaft Machine with foot control and fixed straight handpiece. Max RPM 15,000. Chuck 0 – 1/8". A 230 volt 550 watt complete machine. Can drive mops up to 40mm dia. X 3mm shaft. This is a complete flexible shaft system.
63. To 66. Mixed packs each with 6 Rubber Bonded Points available in grits 80 to 180. Use to remove lines and for polishing.
67. 4 MX Points x 3mm shaft. Parallel. MCFlex. See nos. 34 – 35.
68. 3 Diamond Impregnated Felt Mounted Bobs x 3mm shaft. 3 micron grades – 3 (green), 6 (yellow) & 10 (pink).
69. 5 Diamond Points x 3mm shaft. Parallel. Mixed pack.
70. 5 Diamond Points x 3mm shaft. Shaped. Mixed pack.
71. 5 Steel, Brass & White Nylon Wheels 25mm dia. x 3mm shaft.

**PEGBOARD PRICES**

Pack No.	Product Description	Price per Pack
1	5 Mtd Felt Wheels 30 dia x 3 x 3mm shaft	£5.90
2	5 Mtd Felt Wheels 30 dia x 3 x 3mm shaft, Hard	£6.85
3	5 Mtd Felt Wheels 30 dia x 5 x 3mm shaft	£5.90
4	5 Mtd Felt Wheels 30 dia x 5 x 3mm shaft, Hard	£6.85
5	5 Mtd Felt Wheels 30 dia x 10 x 3mm shaft	£5.50
6	5 Mtd Felt Wheels 30 dia x 10 x 3mm shaft, Hard	£5.50
7	5 Mtd Felt Wheels 30 dia x 3-lap x 3mm shaft	£5.95
8	5 Mtd Felt Wheels 30 dia x 3 x 3mm shaft, Knife-Edge	£7.50
9	5 Mtd Cotton Mops 30 dia x 24-lap x 3mm shaft, Soft Calico	£5.50
10	5 Mtd Cotton Mops 30 dia x 16-lap x 3mm shaft, Hard Calico	£5.50
11	5 Mtd Cotton Mops 30 dia x 24-lap x 3mm shaft, Medium Calico	£5.50
12	5 Mtd Chamois Mops 30 dia x 8-lap x 3mm shaft	£12.78
13	5 Mtd Lap Disc Mops 30 dia x 3-lap x 3mm shaft, HDMA	£6.90
14	5 Mtd Lap Disc Mops 30 dia x 3-lap x 3mm shaft, CA	£6.90
15	5 Mtd Lap Disc Mops 30 dia x 3-lap x 3mm shaft, MA	£6.90
16	5 Mtd Lap Disc Mops 30 dia x 3-lap x 3mm shaft, FA	£6.90
17	5 Mtd Lap Disc Mops 30 dia x 3-lap x 3mm shaft, GP Green	£6.90
18	5 Mixed Mtd Felt Wheels 30 dia x 3mm shaft	£6.50
19	5 Mixed Mtd Lap Disc Mops 30 dia x 3-lap x 3mm shaft	£6.50
20	5 Mixed Mtd Felt Bobs x 3mm shaft	£4.90
21	5 Mixed Mtd Felt Bobs x 6mm shaft	£5.90
22	5 Mixed Mtd Felt Cones x 3mm shaft	£4.90
23	5 Mixed Mtd Felt Cones x 6mm shaft	£5.90
24	5 Mixed Mtd Vitrified Points x 3mm shaft, Parallel	£5.50
25	5 Mixed Mtd Vitrified Points x 3mm shaft, Shaped	£6.90
26	5 Mixed Mtd Vitrified Points x 6mm shaft, Parallel	£5.95
27	5 Mixed Mtd Vitrified Points x 6mm shaft, Shaped	£6.90
28	Kit 1, 10 Mixed Mtd Wheels & Mops 40 dia x 3mm shaft	£10.50
29	Kit 2, 16 Mixed Mtd Wheels & Mops 40 dia x 3mm shaft	£20.00
30	2 Carbide Burrs, A0314 & A0106 x 3mm shaft, Double Cut	£9.70
31	2 Carbide Burrs, C0314 & L0312 x 3mm shaft, Double Cut	£9.70
32	1 Carbide Burr, A0612 x 6mm Head x 3mm shaft, Double Cut	£8.02
33	1 Carbide Burr, F0612 x 6mm Head x 3mm shaft, Double Cut	£8.02
34	4 Mixed Mtd MX Points W163 x 3mm shaft, A120-GFX & MCFlex	£6.50
35	4 Mixed Mtd MX Points, mixed size x 3mm shaft, A120-GFX	£6.50
36	4 Mixed Diamond Points x 3/32" shaft	£10.75
37	2 Diamond Cut-Off Wheels, 7/8" dia	£7.95
38	1 Extended Mandrel 137mm OL x 6mm shaft	£6.90
39	1 Taper Mandrel 75mm OL x 6mm shaft	£5.90
40	1 Mandrel 503 x 3/32" shaft	£2.90
41	3 Mixed Dollie Mops 2" dia, Hard Medium & Soft	£7.90
42	3 Mixed Dollie Mops 3" dia, Hard Medium & Soft	£9.90
43	3 Mixed Dollie Mops 3" dia, Felt & Abrasive Nylon	£7.80
44	2 Bars Compound - 1 bar cut on ferrous, 1 bar polish on ferrous	£4.98
45	2 Bars Compound - 1 bar cut on non-ferrous, 1 bar polish on non-ferrous	£4.98
46	1 Tube 125gm Simichrome	£8.90
47	10 Mixed Very Small Wheels 7/8" dia x 3/32" shaft, Cotton Steel etc.	£4.98
48	5 Mixed Very Small Wheels 7/8" dia x 3/32" shaft, Cotton & Felt	£4.35
49	5 Mixed Very Small Wheels 7/8" dia x 3/32" shaft, Brass & Steel	£4.35
50	5 Mixed Very Small Wheels 7/8" dia x 3/32" shaft, Abr.Nylon & Leather	£4.35
51	Keyless Chuck	£14.50
52	10 Mixed Jiffycaps, 7mm dia Round, 5 x 80 grit, 5 x 150 grit	£5.50
53	1 Jiffycap Mandrel, 7mm dia Round x 3mm shaft	£4.95
54	10 Mixed Spirabands, 22 x 20mm, 5 x 80 grit, 5 x 150 grit	£4.45
55	1 Spiraband Mandrel, 22 x 20 x 6mm shaft	£7.50
56	2 Mixed Mtd Flap Wheels 25 x 10 x 3mm shaft	£4.45
57	2 Bars Compound - 1 bar brown cut on plastic, 1 buff bar polish on plastic	£4.50
58	Rouge Jewellery Polish, 2 bars polish on soft metals for best finish	£4.50
59	3 Mixed Mops, Orange sisal, hard fast cut. Coloured & Loosefold	£9.96
60	Light Flexible Drive Shaft	£22.50
61	Heavy Duty Flexible Drive Shaft	£45.50
